

RENATO REONER JR.

FULL STACK DEVELOPER | REACT · NEXT.JS · TYPESCRIPT · PYTHON/FASTAPI

TAGUIG, METRO MANILA, PHILIPPINES | DOMASIGREONER@GMAIL.COM | +63 967 205 4484

[TINYURL.COM/REN-PORTFOLIO](https://tinyurl.com/ren-portfolio)

SUMMARY

Full stack developer with 1+ year of professional experience shipping production features for an AI-powered marketing intelligence platform used by real clients — owning frontend work end to end (React, Next.js, TypeScript) while integrating with Python/FastAPI and MongoDB, and translating Figma designs and client requirements into responsive UI. Also maintains active side projects spanning community platforms and freelance client work.

EXPERIENCE

JUNIOR FULLSTACK ENGINEER

JUNE 2025 – AUGUST 2026 | REMOTE

[CLIENT: NETOPIA AI — PREDIKTA MARKETING PLATFORM](#)

- Served as the **sole frontend developer for PREDIKTA**, completely rebranding the platform based on Netopia AI's UI/UX team designs and translating Figma designs into production-ready components, interfaces, and pages.
- Integrated **REST APIs and backend services** for each feature, connecting the React/Next.js frontend with **FastAPI** while independently testing integrations and resolving issues.
- Work directly with client stakeholders: translate requirements into functional features, triage **UAT feedback**, and ship fixes against a client-driven Gantt chart timeline.
- Collaborate in a 3–5 person agile team; **promoted from intern to full-time** based on internship performance.

FULL STACK SOFTWARE ENGINEER INTERN

MARCH 2025 – MAY 2025 | REMOTE

- Built and enhanced features for the PREDIKTA Marketing App using React.js, Next.js, and FastAPI, aligned to Figma-based UI/UX designs.
- Completed a company-provided development curriculum (final project: TaskFlow, with CRUD, auth, and session handling), gaining hands-on real-world development experience in a fully remote, agile environment.

DATA ENTRY CLERK (WORK IMMERSION)

FEBRUARY 2021 | REMOTE

- Transcribed medical documents from PDFs/images into Word with high accuracy, building fast, high-volume typing and QA habits.

PROJECTS

BLACK ROSE — GAMING & ESPORTS COMMUNITY PLATFORM

JUL 2026 – PRESENT | VOLUNTEER

- Built **Black Rose** ([blackrose.asia](#)), a gaming and esports community platform led by **Alodia Gosiengfiao**, end-to-end using **React, TypeScript, Tailwind CSS, and Supabase**. Developed user profiles with Discord account verification and **ROSE role-gated access**, team and roster management for tournament participation, game discovery, and a Hall of Champions tracking tournament winners. Built an admin console with **tournament CRUD, Single Elimination, Swiss, and Double Elimination bracket formats, game management, and audit logging**, supporting tournaments including an **officially partnered VALORANT / Riot Games event**.

Stack: React 19, TanStack Start, Supabase (SQL + RLS), TypeScript, Tailwind CSS, Capacitor

FREELANCE CLIENT PORTFOLIO WEBSITE

AUG 2026

- Delivered a custom portfolio site for an individual client end to end — translated their design direction and content requirements into a production build with a project showcase and integrated PDF/video viewers.

Stack: React 19, TanStack Start/Router, TypeScript, Tailwind CSS, EmailJS

PERSONAL E-PORTFOLIO

JUN 2025 – PRESENT

- Designed and built a personal portfolio site with dynamic animations, an EmailJS-integrated contact form, and SEO/performance optimization.

Stack: Next.js, React, TypeScript, Tailwind CSS, EmailJS

Additional Projects: TaskFlow — task management web app (React, Next.js, FastAPI, PostgreSQL) • ElderCare — capstone caregiver app with AI sentiment analysis

SKILLS

Frontend: React (incl. React 19), Next.js, TypeScript, JavaScript, HTML/CSS, Tailwind CSS, Radix UI, TanStack Query/Router/Start, Zustand

Backend: Python, FastAPI, MongoDB, PostgreSQL, RESTful APIs, JWT Auth, Supabase

Cloud & DevOps: AWS (SQS, S3), Google Cloud (Pub/Sub, Storage), Firebase, Docker, Git/GitHub

Practices & Tools: Agile/Scrum, Figma-to-code, UAT, Client Communication, VS Code, Postman

EDUCATION

BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY

2021 – 2025

Technological Institute of the Philippines — Manila
